PIETRO FIORENTINI S.P.A.

Via Enrico Fermi, n. 8/10 - 36057 ARCUGNANO (VI) - Italy

Certified sites are listed in the attachment to this certificate

Bureau Veritas Certification Holding SAS - Italy Branch certifies that the Management System of the above organisation has been audited and found to be in accordance with the requirements of the management system standards detailed below

ISO 14001:2015

Scope of certification

Design, coordination and control of the installation and production through stages of machining, welding, assembly and painting of pressure regulators, safety devices, relief valves, butterfly and ball isolation valves, governors, flowmeters for pressure pipeline, filters, separators, heat exchangers, indirect heaters, pressure vessels for general use, gas odorizing systems, systems and equipment for gas quality analysis, electronic and mechanical apparatuses for measurement (and relevant accessories), process control, automation and data acquisition, treatment systems (including systems for crude oil desalting, dehydration and glycol regeneration, molecular screening dehydration), pressure reduction and/or measurement systems for natural gas, combustible gases obtained from renewable sources or industrial processes, other gases and crude oil, biogas treatment systems for biomethane production (upgrading), biomethanation plants, fuel gas injection systems in the network and compression systems for combustible gases obtained from renewable sources or industrial processes, liquefaction systems for biomethane and carbon dioxide, hydrogen generators.

Design, production and installation of control and power switchboards, automation systems, remote control and telemetering devices related to gas, water and energy infrastructures, networks and web's information technology systems.

Activities of after-sales support, including coordination and support during installation, start-up, maintenance services of the above-mentioned product and systems, remote reading and remote management services for transmission and distribution systems of natural gas, combustible gases obtained from renewable sources or industrial processes.

Training and qualification of personnel involved in the surveillance activities of the natural gas transmission and distribution systems of natural gas, combustible gases obtained from renewable sources or industrial processes. Storage and distribution of odorizing liquids, gas chromatographic analysis.

Filling and distribution of odorizing liquid containers for natural gas and LPG. Design and production of water meters.

Software development and implementation on PLCs, DCS, and computers.

Design, manufacture and commissioning of machinery and work equipment for use within Pietro Fiorentini Group companies.

Commercialization of water equipment.

IAF 17, 18, 19, 28, 33, 34, 35, 37

Certificate issued in accordance with the Technical Regulation ACCREDIA RT-09

Original Cycle Start Date:	10-September-2013
Expiry date of previous cycle:	08-September-2024
Certification / Recertification Audit date:	21-June-2024
Certification/Recertification Cycle Start date:	02-September-2024
Subject to the continued satisfactory operation of the organization's Management System, this certificate expires on:	08-September-2027

Certificate No. IT335072

Version: 2

Revision date: 30-December-2025

Signed on behalf of BVCH SAS - Italy Branch

02138

Membro degli Accordi di Mutuo Riconoscimento EA e IAF
Signatory of EA and IAF Mutual Recognition Agreements

Certification body address: Viale Monza, 347 - 20126 Milano (MI) Italy
Local office: Viale Monza, 347 - 20126 Milano (MI) Italy

Further clarifications regarding the scope of this certificate and the applicability of the management system requirements may be obtained by consulting the organization.

Certified Sites

Site	Address	Scope
OPERATIVE UNIT	Via Marconi, 32 - 20088 ROSATE (MI) - Italy	Design and production of electronic and mechanical devices for measurement of natural gas, combustible gases obtained from renewable sources or industrial processes, process control, automation and data acquisition. After-sales service activities and provision of services, including installation and maintenance services, for equipment and stations for the transmission and distribution of natural gas and combustible gases obtained from renewable sources or industrial processes. Remote reading and remote management services for transmission and distribution systems of natural gas, combustible gases obtained from renewable sources or industrial processes. Production of water meters.
OPERATIVE UNIT	Via Carlaccio, 1 - 23016 MANTELLO (SO) - Italy	Design and production of measuring equipments and relevant accessories for natural gas, combustible gases obtained from renewable sources or industrial processes and technical gases. Activities of after-sales support of the above mentioned products.
OPERATIVE UNIT	Via Faustinella, 11/13/15 - 25015 DESENZANO DEL GARDA (BS) - Italy	Design and production of pressure regulators, safety devices, relief valves, pressure stabilisers and filters for natural gas, combustible gases obtained from renewable sources or industrial processes.
OPERATIVE UNIT	Via Volta, 50 - 36057 ARCUGNANO (VI) - Italy	Design, manufacture and commissioning of machinery and work equipment for use within Pietro Fiorentini Group companies.
